NEW STRATEGIES FOR
PREVENTING PULMONARY
EMBOLISM, DVT, AND STROKE

NEW STRATEGIES FOR PREVENTING PULMONARY EMBOLISM, DVT, AND STROKE

September 28, 2018

Course Director:
Walter Jeske, PhD

Sponsored by:
Loyola University Chicago
Stritch School of Medicine
Division of Continuing Medical Education and the
Cardiovascular Research Institute,
Hemostasis and Vascular Biology Section

This program is supported by an unrestricted educational grant from the North American Thrombosis Forum under the auspices of the North American Chapter of International Union of Angiology

FACULTY

GUEST FACULTY

Ebrahim Barkoudah, MD, MPH
Professor, Hospital Medical Unit
Brigham and Women's Hospital
Boston, Massachusetts, USA

John Fanikos, RPh, MBA
Director of Pharmacy
Brigham and Women's Hospital
Boston, Massachusetts, USA

Samuel Z. Goldhaber, MD
Professor of Medicine
Cardiovascular Division
Brigham and Women's Hospital
Boston, Massachusetts, USA

Russell Hull, MD, MBBS, MSc
Professor of Medicine
The University of Calgary
Thrombosis Research Unit Foothills Hospital
Calgary, Alberta, Canada

Gregory Piazza, MD, MS
Professor, Cardiovascular Division
Brigham and Women's Hospital
Boston, Massachusetts, USA

Alfonso Tafur, MD
Director, Vascular Medicine
NorthShore Medical Group
Skokie, Illinois, USA

LOYOLA UNIVERSITY CHICAGO STRITCH SCHOOL OF MEDICINE HEALTH SCIENCES DIVISION

COURSE DIRECTOR:
Walter Jeske, PhD
Professor, Pathology and Cardiovascular Surgery
Loyola University Health Sciences Division
Maywood, Illinois, USA

PROGRAM FACULTY

Kevin Barton, MD
Professor of Medicine
Division of Hematology/Oncology
Loyola University Health System
Maywood, Illinois, USA

José Biller, MD
Professor, Department of Neurology
Loyola University Health System
Maywood, Illinois, USA

Jawed Fareed, PhD, DSc
Professor, Pathology and Pharmacology
Loyola University Health Sciences Division
Maywood, Illinois, USA

FACULTY DISCLOSURE

Loyola University Chicago Stritch School of Medicine ensures balance, independence, objectivity, and scientific rigor in all educational activities for which CME credit is awarded. Complete disclosure information will be provided to the audience in the printed activity material.

EDUCATIONAL GRANTS/COMMERCIAL SUPPORT

A complete list of commercial interest providing support for this educational activity will be provided to the audience in the printed activity materials.

REGISTRATION

NEW STRATEGIES FOR PREVENTING PULMONARY EMBOLISM, DVT, AND STROKE

September 28, 2018

THERE IS NO FEE FOR ATTENDING THIS PROGRAM.

Pre-registration is required for the course and your response is requested no later than **Wednesday, September 26th** to secure your reservation.

Online registration accepted through September 26th

<http://ssom.luc.edu/cme/events/upcomingevents/>

To register by phone, or after September 26th, please call the Office of Continuing Medical Education directly at 708 216-3236 or fax your completed registration form to 708 216-5845 during business hours Monday - Friday 8:00 am – 4:30 pm.

Mail completed registration form to:

Loyola University Chicago Stritch School of Medicine
Office of Continuing Medical Education
2160 S. First Ave., Bldg. 120, Room 400 Maywood, IL 60153

Do you plan to join us for dinner at 5:00 pm? Yes No, attending the meeting portion only

I am unable to attend the meeting but would like to live stream the meeting through ZOOM.
(Please provide your name and email below so we can send you the ZOOM meeting invitation.)

What do you plan to gain from attending this activity? _____

Identify presentation specifics that will address your needs: _____

PROGRAM DESCRIPTION

This course is designed to define best-practice usage of direct oral anticoagulants (DOACs) for long-term prevention of stroke and venous thromboembolism. Participants will gain updated implementation guidelines and recommendations to treat thrombosis.

COMPETENCIES

This educational event will address the following competencies: medical knowledge, practice-based learning and improvement; and system-based practice.

TARGET AUDIENCE

This course is designed for healthcare professionals who manage stroke and venous thromboembolism in established patients as well as at-risk patients. Content is intended for professionals wishing to improve their ability to identify patient factors that impact the safe and effective use of anticoagulation in order to provide optimal individualization of therapy.

CURRICULAR GOAL AND OBJECTIVES

Update on the use of direct oral anticoagulants

Upon completion of this activity, participants should be able to:

- Identify similarities and differences among the available direct oral anticoagulants;
- Differentiate the safety and efficacy profile of each agent; and
- Select the appropriate drug(s) based on patient characteristics.

Comprehensive understanding of the management of thrombosis

Upon completion of this activity, participants should be able to:

- Identify the optimal drug for specific patient groups;
- Describe the impact of drug interactions on DOAC safety and efficacy; and
- Determine the special needs for anticoagulants in aged populations.

Distinguish epidemiological differences

Upon completion of this activity, participants should be able to:

- Identify the impact of gender, age, and other patient-specific factors on the safety and efficacy of DOACs;
- Predict the risk/benefit ratio for DOACs in specific patient populations; and
- Recognize how pharmacokinetic differences can impact appropriate drug selection.

ACCREDITATION

The Loyola University Chicago, Stritch School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Loyola University Chicago, Stritch School of Medicine designates this live educational activity for a maximum of 2 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Loyola University Chicago Stritch School of Medicine has achieved Accreditation with Commendation status through November 30, 2018

Accreditation with Commendation is the highest level of recognition awarded by the ACCME

Nurses and other health professionals will receive a Certificate of Attendance. For information on applicability and acceptance, please consult your professional licensing board.

Loyola University of Chicago is an Equal Opportunity Educator and Employer.

CONFERENCE LOCATION

Loyola University Chicago
Stritch School of Medicine
John & Herta Cuneo Center
2160 S. First Ave.
Maywood, IL 60153

SPECIAL NEEDS

We welcome all registrants to this activity. If you need special accommodations in order to participate, we will try to provide for your needs. Please submit a written request one month prior to the course to receive service.

ADDITIONAL INFORMATION

Contact the Division of CME during business hours.
Phone (708) 216-3236 or (800) 424-4850 or by Fax: (708) 216-5845.

AGENDA

FRIDAY, SEPTEMBER 28, 2018

5:00 pm Registration and Dinner

6:15 pm Conference Seating

6:30 pm Welcome and Introductions

Walter Jeske, PhD

6:35 pm Critical Unmet Needs in VTE Prevention:

A Focus on Medically Ill Patients

Gregory Piazza, MD, MS

6:45 pm Discussion – Question and Answer

6:50 pm Relative Safety of Betrixaban in Acute Medically Ill

Patients

Russell Hull, MD, MBBS, MSc

7:00 pm Discussion – Question and Answer

7:05 pm Recent Advances in the Management of Acute

Ischemic Stroke. A Focus on Anticoagulants

José Biller, MD

7:15 pm Discussion – Question and Answer

7:20 pm Neutralization of the Direct Oral Anticoagulants

Kevin Barton, MD

7:30 pm Discussion – Question and Answer

7:35 pm VTE Risk Assessment Paradigms for Medical and

Surgical Patients

Alfonso Tafur, MD

7:45 pm Discussion – Question and Answer

7:50 pm Pivotal Role of the Hospitalist in VTE and

Stroke Prevention

Ebrahim Barkoudah, MD, MPH

8:00 pm Discussion – Question and Answer

8:05 pm Improving Transitions of Care from Hospital to Home

or Hospital to Skilled Nursing Facilities

John Fanikos, RPh, MBA

8:15 pm Discussion – Question and Answer

8:20 pm Is it Time to Discard “Provoked Versus Unprovoked VTE”

as the Primary Criterion to Determine Optimal Duration of

Anticoagulation to Prevent Recurrent VTE?

Samuel Z. Goldhaber, MD

8:30pm Closing Remarks

Jawed Fareed, PhD
