

Challenges in Thrombosis Management during the COVID-19 Pandemic

October 24, 2020

The SECOND ANNUAL PACO SYMPOSIUM AND DISCUSSION FORUM is organized in a hybrid format including both virtual and live sessions. Pre-recorded oral presentations by invited experts will be made available a week before the live session. The participants will have the opportunity to review these presentations, send questions, and then participate of the live **Question & Answer Session** on October 24, 2020.

The live session will be chaired by the **Lord Professor Ajay Kakkar, MBBS, PhD** of the University College London, UK. The main speakers of the symposium will participate in the discussion based on the questions received from the registered participants of the symposium and the session chairs as listed in the program. Registered participants who have visited the pre-recorded sessions can submit their questions to individual speakers at secretary@paco2020.com

The final session will include a keynote presentation by **Professor Fabio Lievano, MD**, Vice President of Safety Science, AbbVie, USA on the development of vaccines for the control of the COVID-19 pandemic. This will be followed by a commentary by Professor **Ravi Durvasula, MD** of Loyola University Medical Center, USA.

The participants of this symposium will receive a Certificate of Participation certifying 4 CME II credit hours from the International Union of Angiology. Pre-registration is required to attend this meeting and for receiving the Certificate of Participation. There is no registration fee to participate in this symposium.
Register [Here](#).
